## Key Stage 2 SATs results 2019

Following the changes in assessment made by the Department for Education, children are no longer given a level at the end of Key stage 2. The new assessment arrangements show if the children are working at the new Age Related Expectations (ARE). There is also a 'high score' judgement for those pupils who performed particularly strongly in the assessments.

In addition to this there is a scaled score for each subject which can be between 80-120 with 100 being the expected level.

The number of children assessed at the end of Key Stage 2 was 58.

% pupils achieving ARE in Reading	<b>72%</b>	% pupils achieving ARE in Writing (teacher assessment)	<b>88%</b>	% pupils achieving ARE in Maths	<b>83%</b>	% pupils achieving ARE in Reading, Writing & Maths combined	<b>69%</b>	% pupils achieving ARE in Grammar, Punctuation & Spelling	<b>81%</b>
