

Year Three Autumn Term 2022

Here is our topic for this half term. Please use it to support your children's learning. They are welcome to bring things into class that are related to our topic and if any adults would like partake in any way, please see your child's class teacher.

As Artists we will:

- Use our sketch books to express feelings about a subject and to describe likes and dislikes
- Make notes in our sketch books about techniques used by artists and suggest improvements to our own work.

As Linguists we will:

- Learning key sounds in French to help us start learning some new vocabulary.
- Learning how to talk about different seasons.

As Citizens we will:

- Learn how to make other people feel welcome, settle into a new environment and use democracy to negotiate our daily lives.

As Technologists we will:

- Design and make a Volcano using different materials to imitate the rocks.
- Evaluate our designs and say how they could be improved next time.

The Big Questions:
What do rocks tell us about the way the Earth was formed?
What makes the earth angry?

As Computer technicians we will:

- To understand what a flowchart is and how flowcharts are used in computer programming.
- To design and create an interactive scene

As Geographers we will:

- Describe how volcanoes and earthquakes are created.
- Name and locate some of the world's famous volcanoes.
- Describe physical features in a locality.

As Athletes we will:

- Take part in our outdoor P.E sessions every week.

As Scientists we will:

- Compare and group together different rocks based on their properties
- Describe and explain how different rocks can be useful to us.
- Describe how fossils are formed.
- Recognise that soils are formed from rocks and organic matter.
- Begin to relate the properties of rocks with their uses and classify different types of rock
